Experience

SafeCircle
January 2025 - Present
Founder
Murcia
https://safecircle.tech

Founded SafeCircle, an AI to detect child predators in online conversations. Developed a demo using NextJS, and Vercel AI SDK. Then finetuned a LLM using Unsloth to detect child predators in online conversations. Learned SysAdmin to support multiple users and handle server management.

Education

IES Juan Carlos I
September 2019 - May 2025
Socials
High School
https://iesjuancarlosi.es

Projects

SpainRP
March 2021 - June 2025
Minecraft Server
https://spainrp.me

A minecraft server focused on roleplay and community. I developed the Webpage using PHP and MySQL. Used C# to create a custom launcher using WinUI 3. And Github Actions to automate the deployment of the launcher.

Volunteering

Alumno Colaborador iPad
September 2019 - June 2022
Collaborator
High School
